> Quality Control

Our experienced team of Quality Controllers -under expatriate management- is stationed in our factories full-time, looking after every step of the production process.

> Flexibility

You have total freedom-of-choice in the design, color, style, sizing and branding of your garment, for a fully custom-made experience.

> Personalized Service

You will be assisted by a dedicated Account Manager, whose experience and pro-activeness will be put at your service. We can speak French, English, Dutch and even Spanish.

> Reactivity

We understand the need to provide quick information in today's competitive environment. Our quotations will usually follow within 36-48 hours after the initial request, and can be based on DDP pricing in Euro as well.

> Sampling

We have our own sampling rooms, complete with stocks of standard fabrics, allowing us to develop samples rapidly.

> GSP Form A

For EU-bound goods, we will provide the GSP Form A, meaning you will be exempted from paying any import-duties.

Bangkok sales office with 7 account managers, 2 designers and a showroom.

Hongkong financial office

Fuzhou production office with 6 staff, sample -and showroom.

Paris commercial office

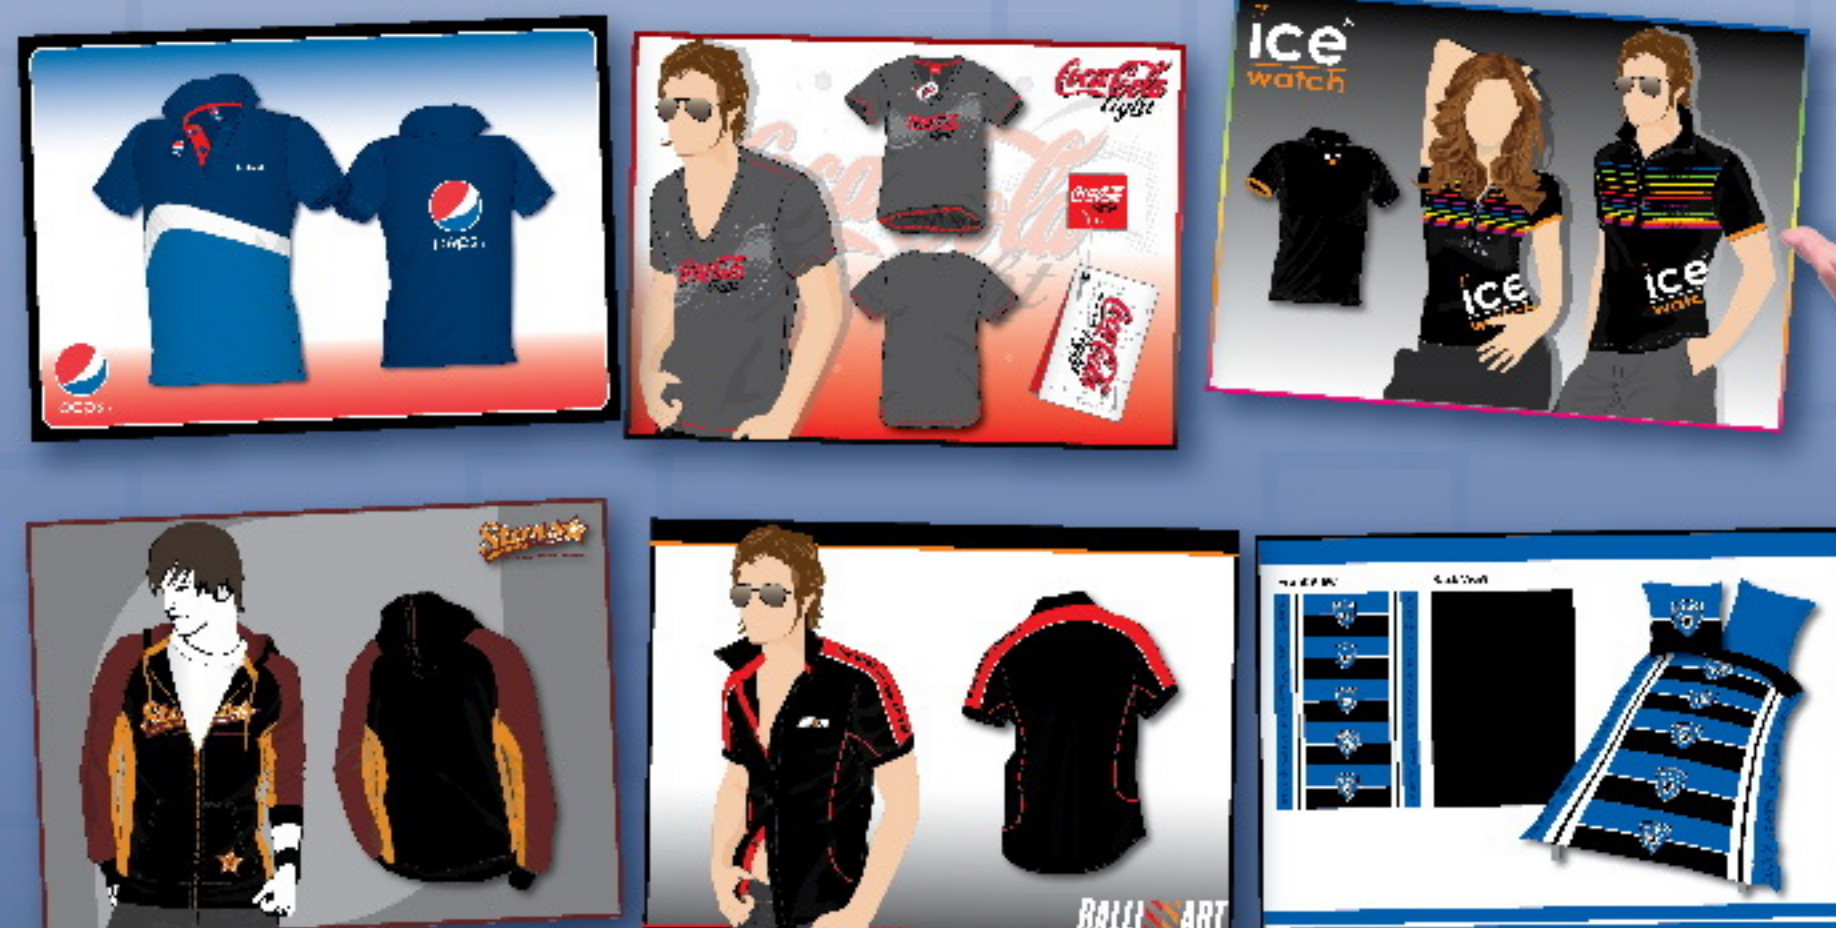

Dhaka production office with 25 staff under European management, sample -and showroom.

Creative designing

We offer free-of-charge creative design services: presentations, artwork development and tech-packs are all part of this indispensable tool in bringing your ideas to life.

> Branding

We offer a wide variety of branding techniques to give your garment that special custom-made look. State-of-the-art printing, embroidery, labeling and packaging is all done under our own supervision to ensure the best possible quality.

> Minimum Order Quantities

The MOQ to run productions is usually 1.000 pcs per color/style for knits, and 500 pcs for woven - depending on the actual style and requested fabric quality.

> Deliveries

Our lead times range from 45-75 days of production after order confirmation (longer deliveries may be necessary depending on the complexity of the product and the quantity). Please add transit to Europe: 30 days by boat, 5-6 days by air.

Corporate and Social Responsibility

Our productions are compliant to the latest REACH directives, and can be certified by Ökotex if requested.

We work with socially responsible factories, adhering to all the local regulations. Audit reports from respectable agencies (BSCI, SGS, Asia Inspectors) are available, or you can come to visit/inspect our units by yourself.

We offer the possibilities to work with the Fair-Trade Cotton label (Flo-Cet/Max Havelaar) and Organic Cotton (GOTS-certification)
