

Custom-Made Clothing Specialist
Work-wear, Corporate and Promotional

www.joythai.com

FLEXIBILITY :

You have total freedom-of-choice in the design, color, style, sizing and branding of your garment for a fully custom-made experience.

REACTIVITY :

We understand the need to provide quick information in today's competitive environment. Our quotations will usually follow within 24-48 hours after the initial request

OUR PARTNERSHIP WITH SOL'S :

We have the exclusive possibility to offer you custom-made solutions based on our partner Sol's stock items. This means we can add your logo and make modifications while retaining the excellent pricing on the stock!

Please note certain MOQ's apply for this solution, please inquire with our sales team for more information.

QUALITY CONTROL :

Our experienced team of Quality Controllers--under expatriate management--is stationed in our factories full-time, looking after every step of the production process.

SAMPLING :

We have our own sampling rooms, complete with stocks of standard fabrics, allowing us to develop samples rapidly.

CREATIVE DESIGNING :

We offer free-of-charge creative design services: garment designs & lay-outs, presentations, artwork development and tech-packs are all indispensable tools in bringing your ideas to life.

BRANDING :

We offer a wide variety of branding techniques to give your garment that special custom-made look. State-of-the-art printing, embroidery, labeling and packaging is all done under our own supervision to ensure the best possible quality.

MINIMUM ORDER QUANTITIES :

The MOQ to run productions is usually 1,000 pcs per color/style for knits, and 500 pcs for woven, depending on the actual style and requested fabric quality.

Please inquire with our sales team for specific request on our MOQ's

DELIVERIES :

Our factory production time ranges from 45 to 90 days after order confirmation. Shipment time needs to be added.

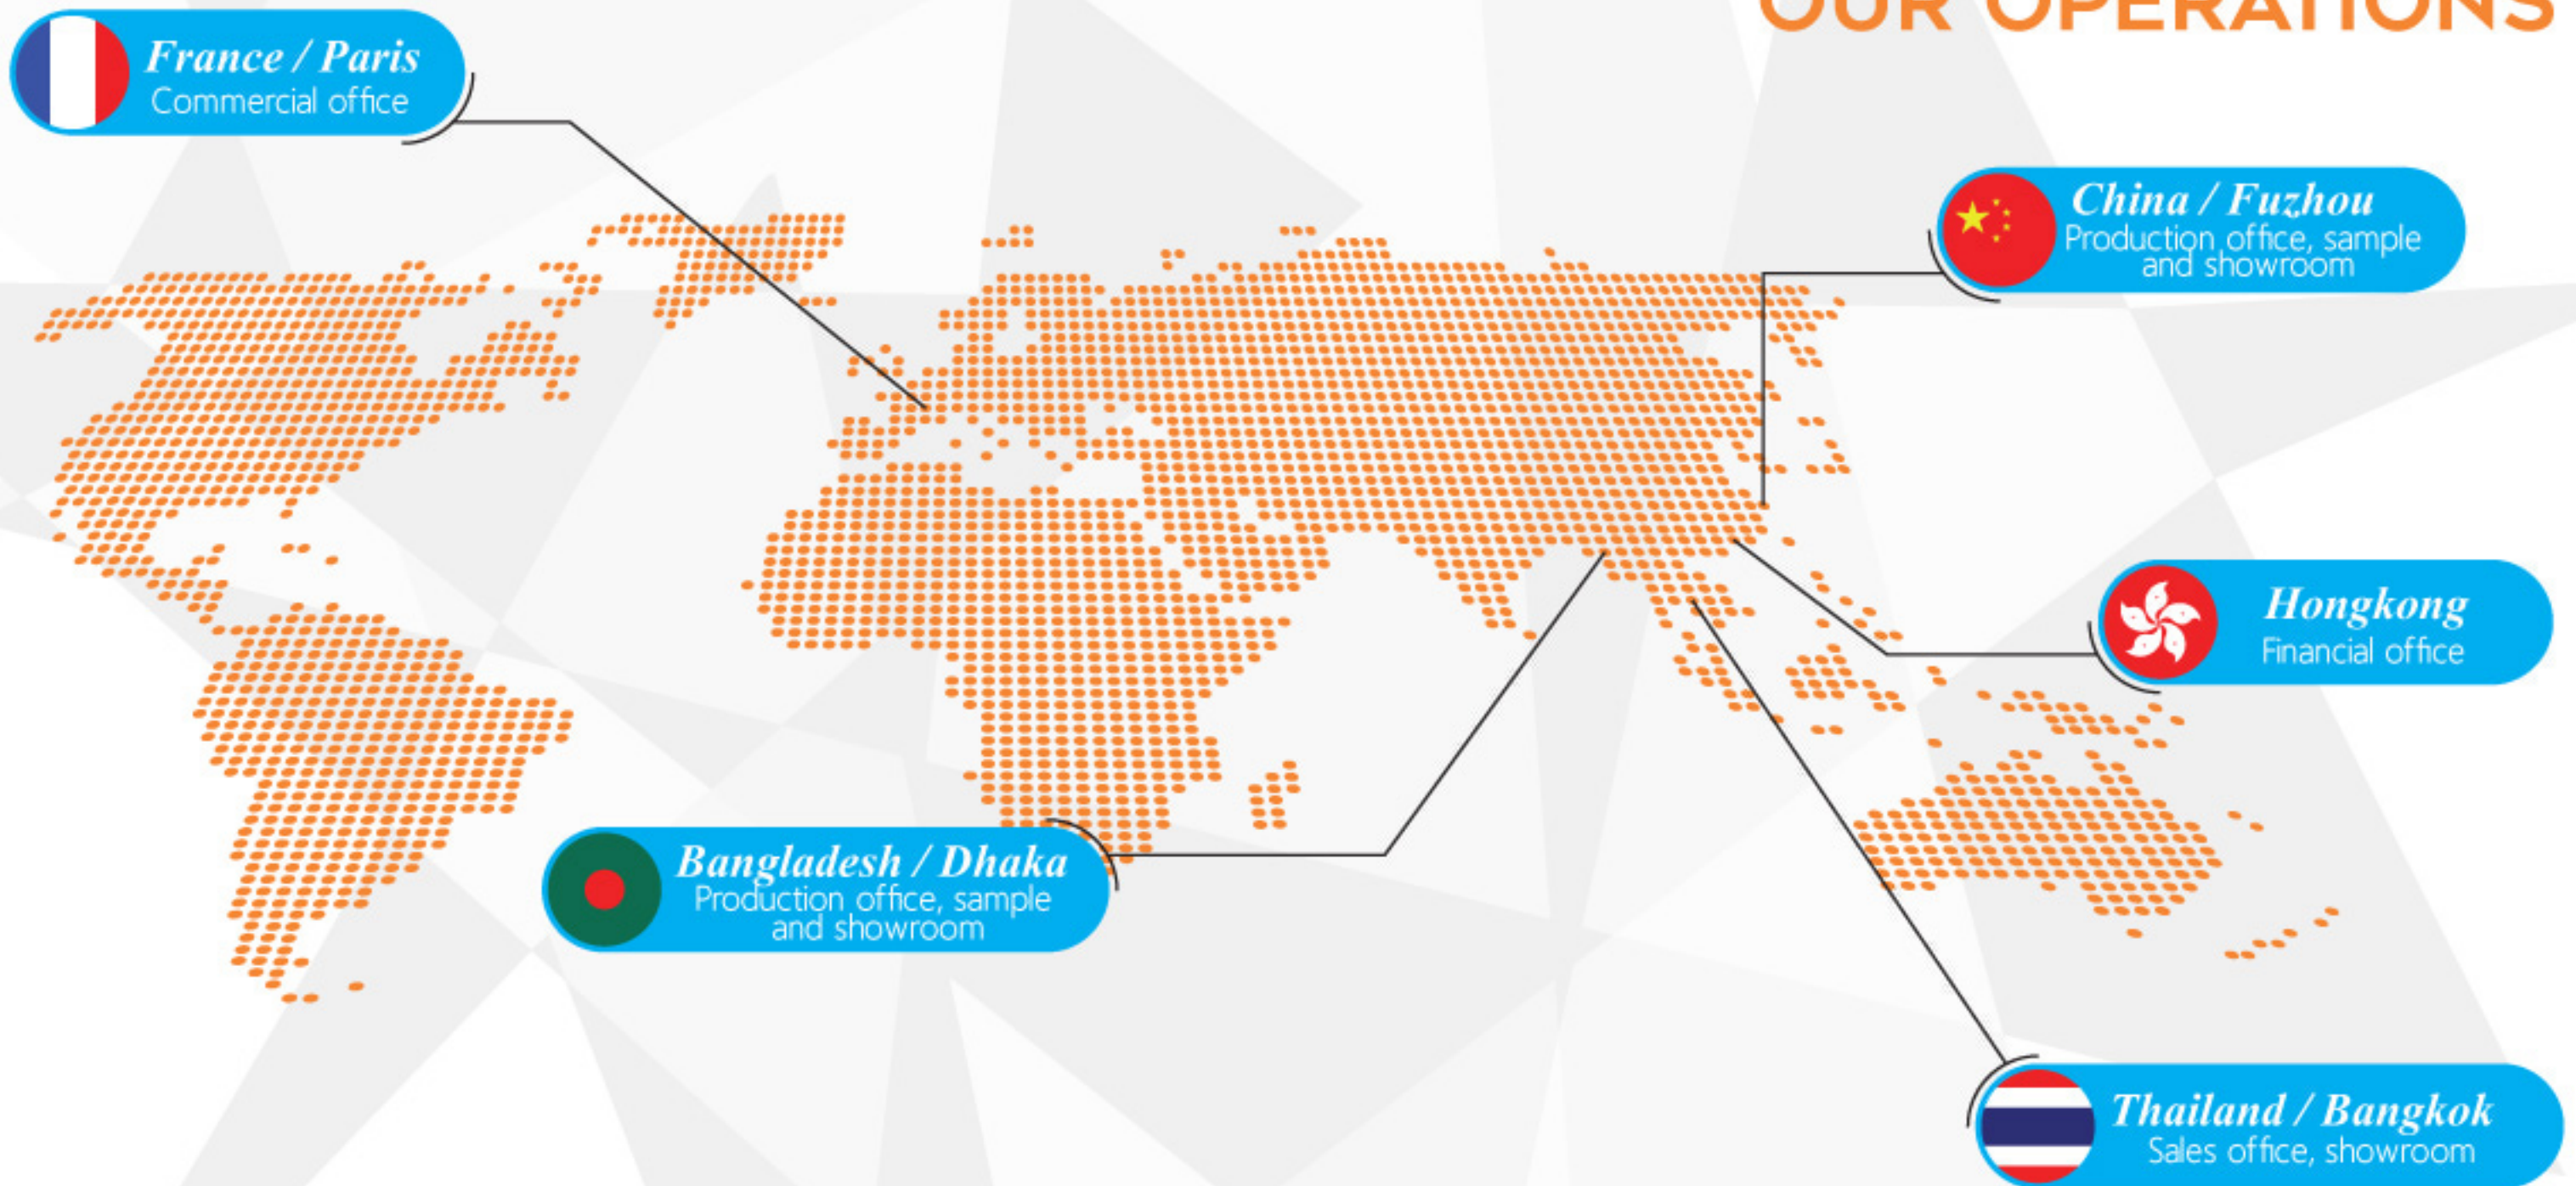

Longer deliveries may be necessary depending on the complexity of the product and the quantity.

Here you can find a selection of our main branding methods.

OUR OPERATIONS

We are very demanding when it comes to product safety: all our products are compliant to the latest REACH directives and are vigorously tested for shrinkage and color fastness. Other tests are available upon request and can be conducted by the agency of your choice.

We offer the possibility to be endorsed by any of the below quality labels:

FLO-CERT GmbH
CERTIFICATION FOR DEVELOPMENT

www.joythai.com

We enforce a strict no child-labor policy. Adhering to the latest health and safety standards, we work with factories that have at least one of the below certification:

You are welcome to visit our units, or send your own people for on-site inspections. By working hand in hand, we can improve the overall conditions for factory workers.
